Surface flange mount – .40 lbs / 7.52" x 3.29" x 1.75"

LightGuide "X" provides DOT compliant tail light function, surrounding diodes illuminate for stop/turn functions.

### Clear Lens Red LED Stop/Turn/Tail Light

**STL602RCFB** – 12-LED, surface mount, PL-3 connection

- Automotive, high style lighting for commercial vehicles — with value in mind!
- Patent-pending Light Guide technology precisely channels LED light to form an X-shaped central feature surrounded by a more traditional LED pattern
- Repetition of the X-shaped style element across a vehicle's stop, tail, turn and back-up lamps creates a unique, standout look

**LED LIFETIME WARRANTY**  
NO BULBS TO REPLACE, EVER!

**Optronics**  
BETTER VALUE • BETTER OPTIONS • BETTER LIGHTING
